

Project Title:FullStack E-Learning Website

Project Members:

Name: Swapnil Halder

ID: 0562210005101001

Objective:The objective of this project is to design and develop a comprehensive e-learning platform that enables users to access educational content, participate in online courses. The platform will provide a user-friendly interface for students and administrators, facilitating the creation, delivery, and management of online education.

Features:

For Visitors:

- 1.Navigation Bar for accessing all pages.
2. Dynamic Homepage
- 3.Student Registration and Login.
- 4.All Courses
- 5.Payment Status
- 6.Feedback
- 7.Contact

For Students::

8. Students Profile
9. My Courses
10. Feedback
11. Change Password
12. Logout
13. Course enrollment and description
14. Watching Course Lessons and Videos

For Admin:

15. Admin Login and Logout
16. Admin Dashboard
17. Add or remove new course
18. Add or Remove new lesson
19. Add or Remove new Students
20. Sell report
21. Deleting Feedback
22. Change Password

Technologies:Frontend:HTML5, CSS3, JavaScript ,Bootstrap, jQuery, Ajax

Backend:PHP,MySQL
